*Be open to your dreams, people. Embrace that distant shore. Because our mortal journey is over all too soon.*

This memorial website was created to remember our dearest **Lucas Scott Rozell-Gallant** who was born in **Canada St.Thomas** on **February 26, 2008** and passed away on **May 7, 2008**. You will live forever in our memories and hearts. Lucas was our Miracle baby, we loved him so much. Lucas brought so much joy into our hearts and we don't know how we will go on without him. Lucas had the ability to bring a smile to anyone's face no matter what the circumstance. He is such a handsome baby and our memories of him will last forever. We love you Lucas.

A Mother's Daily Nightmare

I woke up this morning,  
And you were not there,  
I can't kiss your cheek,  
Or brush back your hair.

The days of joy are over,  
The pain and sorrow starts  
Because when you went to Heaven  
You also took my heart.

I have to live my nightmare,  
Each morning when I wake;  
I have to feel this pain,  
With every breath I take.

With gut wrenching sorrow,  
And mind numbing pain,  
I daily live this nightmare,  
Over and over again.

## ***Mommy***

I dont have one bad memory of you. I remember one time i was trying to feed you and you didnt want anymore of that bottle. Everytime i tried to puit it in your mouth you would sucker up your lips, i couldnt have pryed them open with anything. It was so cute it looked like you were making kissy faces so i would just keep giving you kisses and you still pucked up those cute little lips. I remember giving you baths, i loved it, you not so much. I remeber the one and only time i fell asleep with you. You were sound asleep in your bouncy chair so mommy decided to take a nap, of course you woke up so i laid you in my arm beside me and we both fell asleep, i think it was only for about an hour but it was nice.

Mommy didnt do it too often, i was too paranoid i would roll on top of you. I have so many more meories, i love every second i spent with you. I miss you and i love you.

## ***Mommy***

Mommy loved when it was your feeding time. You were very impatient, when you wanted to eat, you wanted to eat. I used to kiss each side of your cheek and you would try to chase my mouth, it was so cute, i would laugh, of course you didnt like it to much you just wanted your food. There wasnt one thing about our time together that mommy and daddy dont cherish, i even cherish the times you would pee or poop on me. I love you Lucas you are my angel.

## ***Aunt Bobbi.***

The very first memory I have of baby Lucas is when I went to see my little man in the hospital. He was a little angel sent from heaven. I was one of the first people to have the tiny bundle of joy over night and I am soooo grateful that I did. I will cherish that night forever. Thank you so much Jenn and Shaun for trusting me with your precious bundle of joy. He slept better for me then he did mommy and daddy hehehe. I took pictures of him and just held him all night after my kids went to bed. Lucas you were an amazing baby and touched all of our hearts in different ways we will miss you so much but always cherish you baby boy! Hugs and kisses Aunt Bobbi xoxoxoxoxo.

### ***Aunt Tammy***

Well, he was just what I ordered....red haired, bright eyed beautiful baby boy! I am so very grateful to have had the opportunity to babysit him. We cuddled for what seemed an eternity. I just wished he enjoyed bathtime as much as I did! I was almost sad to see mommy & daddy come back home! What a precious little "jigger"....and what I most truly enjoyed watching, was my niece, who has grown into a beautiful woman, care, love and nurture her little son. Shawn, you too were a very proud daddy and I thank both of you for giving me the chance to love Lucas when he came into this world, and when it was his time to go. Lucas had a very healing presence in our family and for such a tiny little person, he accomplished a very big job. I will always cherish him in my heart....he truly was sent from heaven. Love you little man.

### ***Grandma***

Life will never be the same since you passed away. I miss you so much a part of me went with you when you left this world . At least I still have all the fond memories of my little man. I even got to have you over night at least once you kept Grandma very busy but it was such a joy to have you. I still cry every day for you and think of all the things I will miss doing with you. I remember us always rocking in the rocking chair so you would fall asleep. You brought such joy to my life even though it was short lived. I love you always and forever.

### ***Shawn Gallant***

I remember a day i had with lucas. I remember putting on scrubs, waiting in the waiting room , holding him for the first time it was like i new beginning. I remember taking him to the doctors, feeding him, burping him hearing him cry and laugh when we talked to him. I never got the chance to get a picture with him on the swings. never got to teach him how to ride a bike or tie his shoes or the abc's. I really miss him. Everything is so different now that he's gone but i know god is watching him and taking good care of my baby boy. I Love you Lucas Scott Rest In Peace Little man

### ***Patty Rozell***

I remember the first time i held him in the hospital after he was born. I held him the longest. I remember the first time taking him to wal-mart with out having mom there. I remember taking him over night for the first time and not getting any sleep. I remeber the awful faces he would give when my dog would lick his face. I remember giving him a bath and he almost peed on his mom. My sister and little brother made a beautiful baby and i couldnt be more proud to be his aunt. I love you my precious nephew. xoxo

## ***Jenn Rozell(mom)***

The first time my son smiled at me was amazing. I was holding him in my arms and saying "Hello handsome baby" and he gave me a huge gorgeous smile, my heart melted immediately, i wish so bad i could see him smile again.

Two roses are positioned in the upper right quadrant of the image. The rose on the left is smaller and more tightly curled, while the one on the right is larger and more open, showing its petals. Both are rendered in a soft, painterly style that blends into the background.

***January 1, 2008***

Lucas Scott Rozell-Gallant was born February 26th 2008 at the St. Thomas Elgin General hospital. Lucas was born five weeks early; he weighed 6 pounds 8 ounces and other than having trouble eating he was born healthy. I brought Lucas home on March 3rd (mommy's birthday), it was the best gift I could have ever asked for. Lucas was a very noisy baby he was always sqweeking whether he was asleep or awake. Lucas was the light of his dad and my life, we loved him so much. At about two months old he was admitted into the hospital because he was not eating and very fussy. He was in the hospital for a week and then released; exactly one week later

I (mom) came home from wal-mart and went to check on him in his room, he wasn't breathing, he died two days later. He was the light of our lives and we miss him terribly.
